

**Kenya Coordinating Mechanism  
Constituency Feedback Workplan 2015/2016  
Key Affected Populations**

	Activity	Notes	2015/2016			
			Jan-Mar	Apr-June	July-Sept	Oct-Dec
1	Use google group to provide feedback and generate interactive discussion among KAP constituency	Use KAPs Google Group to generate discussion on HIV and TB service needs, service availability and challenges in access to services among KAPs. Provide this feedback to the KCM.	X	X	X	X
2	Integrate an agenda on Global Fund grants and HIV/TB priorities and service availability during key international days	The International Day to End Violence Against Sex Workers (17th December), the World AIDS Day (1st December), MSM day (10th May) offer an opportunity to provide feedback to KAPs on HIV and TB services available and collect information on priority needs and challenges in accessing services. Provide this feedback to the KCM.				X
3	Use social media to provide feedback and identify key concerns of KAPs relevant to the Global Fund grants	Establish a KAPs networks using "What's UP" Social Media platform	X	X	X	X
4	Establish the KAPs Advisory Committee comprising members from KSWA, KNPUD and GALCK to provide a platform for communicating with all categories of KAPs	The KAP KCM member to liaise with Open Society International to establish the advisory committee. OSI currently supports the three associations of KAPs (Sex workers, MSMs and PWID) and will be better placed to facilitate the establishment of this committee.	X	X	X	X
5	Training of the KAPs representatives on KCM on advocacy and governance, and community mobilisation and representational skills	KAPs representatives on KCM are new, lack policy advocacy skills and have limited knowledge on governance. To effectively represent their constituency, these members require training.		X		
6	Participate in KCM oversight visits and/or ensure KAPs are consulted during these visits	KAPs members on KCM to ensure KAPs are consulted during KCM field visits as appropriate to ensure KAPs issues are considered and reflected in oversight recommendations		X		X
